MODERN PACKAGING

INDEX TO VOLUME 38 SEPTEMBER 1964 TO AUGUST 1965

GENERAL ALPHABETICAL INDEX

	Month	Page		Month	Page
A					
Abbott Dairies			Current aims in aerosols	August	177
Milk in a bag	August	107	Economy with CO ₂ propellant; American Home Products Corp., Boyle Midway Div.	September	107
Abbott Laboratories			European aerosol facts	October	266
Packaging pacemakers; drive for top-notch packaging	April	126	New marketing pressure for aerosols; West Germany	June	78
Tablet dispenser borrows best of metal and plastics	March	153	New rules for aerosols?	July	206
Value analysis in packaging; Howard A. Richards	May	134	Non-food aerosols	March	142
Abrasive cleansers	June	186	150% gain for aerosols in Argentina predicted	June	78
Acetal aerosol containers	February	186	Pharmaceutical aerosols	January	39
Acetal aerosols	October	153	Refillable steel aerosols for shampoos and hair		
With 1-in. valves; Celanese Plastics Co.	June	54	dressings; Nilsen Mfg. Co.	June	58
Acids; rectangular polyethylene container for	January	119	Safe use of hydrocarbon propellants in aerosol packaging lines; Doughboy Industries, Inc. (Elgin Mfg. Div.)	August	58
Acrolite International Aerosols			Undercap filing for aerosols	August	148
Spray-can labels introduce new models to artists	October	129	Warnings under Hazardous Substance Labeling Act	April	41
			Weight checking of aerosols; Stephen Hasko	July	141
			A wider world of aerosols	April	97
			Winners in contest of Chemical Specialties Manufacturers Assn.	January	182
ACRYLICS					
Acrylic-based bottle resins; American Cyanamid Co.	June	60	Air shipments, regulations for	December	96
Formulation for blow-molded bottles aimed at pharmaceutical, cosmetic and food uses	February	186	Alberto-Culver Co.		
Acushner Process Co.			Heat-transfer labeling of plastic tubes	March	158
Plastics/board blend adds zip to gold-ball merchandiser	September	118	Alco Products, Inc.		
Adams Extract Co.			Coatings for locomotives shipped overseas	May	215
User of plastics/paper/foil challenger for tube markets	June	102			
Adhesive applicator, Compact hot-melt; United Shoe Machinery Corp.	March	70			
			ALCOHOLIC BEVERAGES		
ADHESIVES					
Carton sealing with hot melts	February	150	Beer in home refrigerators	October	44
High-speed adhesive applicators; Possis Machine Corp.	July	170	Beer industry; package innovations	March	141, 142
Hot-melt adhesive applicator; Spraymation	May	60	Beer on tap at home; Falstaff Brewing Co.	January	95
Hot-melt adhesive for use with films; Morningstar-Patsley Co.	September	64	Beer shippers	October	139
Hot-melt adhesives	May	154	'Cameo carton' for whiskey; Jack Daniel Distillery	May	150
Hot-melt saves space, money; Narragansett Brewing Co.	September	147	Captive can-making by brewers	October	142
Hot-melts	October	113	Carton design shows re-use of modern/traditional decanter; Dr. Grupe & Co.	May	46
Hot melts, other packaging adhesives; National Starch & Chemical Corp.	September	204	Carton imprinter; Adolph Gottsche, Inc.	January	93
Hot melts used to seal heavily waxed and coated cartons; Con-Mech Engineers, Ltd.	March	66	A base for a three-piece case; returnable shippers; Hudepohl Brewing Co.	October	60
Impact of hot-melt compounds	March	288	Corrugated shippers for beer	June	104
Improved adhesives for polyethylene; Swift & Co.	September	202	Debut of the tear-tab beer can in England	July	95, 99
Improved random-size case sealer; gluer; use of hot-melt adhesives; General Corrugated Machinery Co.	February	56	Economy size gaining in liquor field	December	80
Making one can out of two; for epoxy cement; W. J. Roscoe Co.	September	140	Foam multipack for wine lets users 'dial' label copy; Paul Masson Vineyards	January	42
Modified resin adhesive; Commercial Paste Co.	March	256	French wines in polyvinyl chloride	February	106
New hot-melt adhesive applicator; United Shoe Machinery Co.	November	60	Gallon can of beer converts to refrigerator-storage 'keg'; Atlantic Brewing Co.	February	100
Packaging adhesives based on EVA copolymers	October	154	'Home Keg' for Schlitz	September	119
Pattern coater for applying hot-hot melt or thermoplastic adhesives; International Paper Box Machine Co.	December	56	Hot melt saves space, money; Narragansett Brewing Co.	February	183
Polyvinyl acetate adhesive for cartons; Norfolk Industries, Inc.	October	58	An 'impossible' embossed can for malt liquor; Jos. Schlitz Brewing Co.	September	147
Pouching with hot melts; General Motors	October	136	Liquor decanters	July	104
			Long-life plastics beer case; Barey-Schoeller Enterprises, Ltd.	December	44
			Market for wine in Belgium; glass containers	September	204
AEROSOL CONTAINERS					
Acetal aerosol containers	February	188	Opening devices for beer cans and bottles; Japan	July	80
Drawn and ironed timplate aerosol container for cosmetics and toiletries offers seamless construction; American Can Co.	September	60	PE plugs for non-standard wine bottles; East Germany	June	76
'Family' of aerosol sizes broadens market target for spray anesthetic; Pharmaceutical Div. of Sea & Ski Co.	May	128	Plastics beer barrel developed in West Germany	October	92
For pharmaceuticals	April	99	Preview of a label change; National Brewing Co.	December	82
New aerosol can; Heeking Can Co.	August	56	Progress of aluminum in beer packaging	February	106
Aerosol growth; annual report of Chemical Specialties MFRS. Assn.	September	235	Record speed for beer canning; Jackson Brewing Co.	August	45
Aerosol hair spray; Maradel Products, Inc.	July	102	Sweet wine in polyethylene jugs; Lamb & Watt (England)	August	104
Aerosol packaging machinery	December	127	Tear-off crown cap for beer bottles; Joseph Schlitz Brewing Co.	December	80
Aerosol toiletries for men	July	45	Twist-off cap for beer bottle; Pittsburgh Brewing Co.	September	103
			Types of containers for distilled spirits and denatured spirits	March	153
AEROSOLS					
Acetal aerosols	October	153	Versatile new high-speed cartonizer; Cal-Crown Corp.	February	41
Acetal aerosols with 1-in. valves; Celanese Plastics Co.	June	54	Wine in a foil pouch; Castel Wines of Bordeaux	January	54
AMA seminar	May	236	Allied Chemical's General Chemical Div.	April	108
			Four materials make a 'supercan' for volatile chemicals	January	92
			Alloy Automotive Co.		
			Combine of efficiency; switch in protective wrappings and shift to automatic packaging	January	115

	Month	Page		Month	Page
All-Pak, Inc. Packaging seminar	November	226	BAG PACKAGING		
ALUMINUM			Automatic bag-closing machines; Dave Fischbein Co.	January	52
All-aluminum cup promotes 'romantic' image for snacks; Daiteh Crystal Dairies	February	106	Bagger for open-mouth multiwalls; Seco, Inc.	February	60
Aluminum coated steel	March	134	Faster bagging at lower costs; Western Salt Co.	February	120
Beer on tap at home; returnable aluminum keg			Fluidizing theory for bag filling; O.R. Titchenal	December	133
Falstaff Brewing Co.	October	139	High-speed automatic bag loader; Amsco Packaging Machinery, Inc.	May	198
Booms in packaging; shipments to can manufacturers	September	44	Machine bagging of loaves of bread; Munzenmaier Bakery	February	120
Can plate coated with vacuum-deposited aluminum			New bagging machine, liquid-chocolate packager to make debut; Mira-Pak, Inc.	March	64
U.S. Steel	June	48	New code dater for bag loaders; Kordite Corp.	July	170
Cans; 1-cent reward for return; Coors Brewing	August	45	BAGS		
Closures	September	103	(See also Multiwall Bags; Plastics Bags)		
Food packages	March	135	Bulk bag with wet-strength carry handle; Switzerland	June	76
Gutters and downspouts, polyethylene strapping for; Quaker State Metals	November	132	Dual-tube unit forms, fills, seals bags; Triangle Package Machinery Co.	July	56
High-speed canning in aluminum; tuna-fish line; Dulany Foods, Inc.	October	150	Economy in a self-closing bag; resealable re-use bag for fishing gear; Ideal Fishing Float Co.	March	148
New ideas for aluminum packaging; Alcoa Student Design Competition for Packaging	June	206	First 'structured-film' all-plastics shipping bag can be adapted to many uses; U.S. Industrial Chemical Co.	August	52
Progress in beer packaging	August	45	Insectproof bags for foodstuffs; India	December	82
Rise in aluminum packaging	June	45	Milk in a bag; Abbott Dairies	August	107
Tear-off aluminum top for cans	September	243	New leak test for bags; R. Sherman and H.C. Mannheim	January	136
Aluminum foil (see Foil)			New method for making PVC shipping bags; Accelerated Industries	June	158
American Can Co.			New unit marks flexible film bags; Bell-Mark Corp.	September	202
Presentation of 'gold' can to The Morgan Packing Co.	February	197	Sealing of industrial bags	January	138
American Colloid Co.			BALING EQUIPMENT		
One shipper replaces 30 for powdered industrial product	March	189	Bale-packaging machine; Del Industries	October	208
American Cosmetics Corp.			Bananas (see Food Packaging; Produce)		
Overcap shows off a premium; hair spray container	April	109	Bantam-Life, Inc.		
American Home Products Corp. See also Ayers Laboratories			Engineering makes the difference; plastics box for miniature keyhole-locator flashlight	January	101
American Home Products Corp., Boyle-Midway Div.			Barnes-Hind Laboratories, Inc.		
Economy with CO ₂ propellant for insecticides	September	107	Economy in labeling	February	121
American Management Assn.			Barrier packs, line testing of; James A. Sargent	February	140
Packaging Show (see National Packaging Exposition)			Barton's Candy Corp.	September	148
Paperboard seminar	November	223	Candy moves toward automation		
Report from conference in Chicago	June	124	BATTERIES		
Seminars	May	226	Packaging-program bonus; 35% over-all cost reduction of engine parts; Gould-National Batteries, Inc.	January	115
American Paper Institute	January	158	Bayuk Cigars, Inc.		
American Photoengraving Co.			New appeal for cigars	April	124
Low-cost utility skin pack eases an industrial chore	October	126	Belgium's Propack; a small beginning	August	134
American Research Merchandising Institute			Berns Air King Corp.		
Survey; non-food items in supermarkets	October	44	Use of vinyl-plastisol stripable film	May	146
American Standards Assn.			Bettman Nut Co., Inc.		
Conference on retail packaging standards	February	96	Cost saving on the line; vibratory feeders on filling machinery contributed to a 50% production increase	March	189
American Sugar Co.			BEVERAGES		
Embossing as a bonus	March	194	Alcoholic (see Alcoholic Beverages)		
American Tobacco Co.			All-plastic beverage cartons made from polyethylene resins; E.I. Du Pont de Nemours & Co.	January	152
The solid gold cigarette	March	192	Bottles decorated by electrostatic printing	May	43
Anderson, Clayton & Co.			Bulk dispensers in home refrigerators	October	44
Table appeal for margarine	August	112	Canned carbonated soft drinks; Pacific Food Products Co.	February	185
ANIMAL FOODS			Case for the molded case	November	106
Booming market for pet-food packaging; European Common Market countries	February	78	Coke's test of flip-off cap	March	154
Moist pet foods in film pouches need no refrigeration; General Foods Corp.	October	128	Containers exhibited at Packaging Show	May	150
Pet-food packaging	February	78	Decoration of bottles for soft drinks; electrostatic printing	May	43
Argentina			Forecast: 15 million plastics 24-bottle-carrier cases will be in circulation for soft drinks	March	288
150% gain for aerosols predicted	June	78	Instant beverages portion packed in cups; Bev-Maid, Inc.	May	121
Aristocrat Ice Cream Co.			New gain for plastics cases; Hammer Beverages	March	188
Two-piece ice-cream lid	October	123	New one-way soft-drink carrier; Olin Mathieson Chemical Co.	August	56
Armour Grocery Products			Reseal cap for bottled carbonated beverages; France	December	80
Zip opening for bigger cans	June	103	Soft drinks - also kissing the opener goodbye?	March	295
Atlantic Brewing Co.			Soft drinks in bottles decorated by electrostatic printing	May	43
Gallon can of beer converts to refrigerator-storage 'keg'	September	119	Warning to glass industry; defence against metal	June	45
Aurora Plastics Corp.			Bev-Maid, Inc.		
Materials change without new machinery saves 20%	September	146	Instant beverages portion packed in cups	May	121
AUSTRIA			Black & Decker Co.		
Demand for more plastics in packaging	September	86	Hang package sharpens appeal of rotary saw blade	December	103
Packaging trends	September	86	BLEACHING		
Austrian Packaging Center	February	78	Bleaching of woodpulp; Weyerhaeuser	June	48
Avery Label Co.			BLISTER PACKAGES AND PACKAGING		
Double-duty label	June	120	Blister dispenser package for line of button-size hearing-aid batteries; Ray-O-Vac Co.	September	120
Avon Products, Inc.			Blistering of laminations	June	142
Prize-winning beauty and function	September	140	Cellulose; use in blister packaging	February	186
Ayerst Laboratories Div. of American Home Products Corp.			Curl problem in blister pack	April, 156-May, 222	
Linerless lock-in cap for a pharmaceutical product	December	115	Die cutter for blister cards; American Packaging Corp.	February	58
Stand-up showcase molded of polypropylene-polystyrene	September	141	High-speed sealer for blister packs; American Packaging Corp.	June	60
B			BLOW MOLDING		
BABY ACCESSORIES			Blow-molding machine to be installed by Buick	August	48
Hand packaging for flexibility; baby gift sets; Johnson & Johnson	October	148	Blow-molded cans for power steering and transmission fluid; Humble Oil	August	48
Bag-in-box containers; high-speed filling of; Scholle Containers Corp.	March	260	Extrusion blow-molding machines at International Packaging Exhibition, Paris	January	117
BAG MAKING					
Handling film on rebuilt unit	September	174			
New PE film resins used in making bags; U.S. Industrial Chemicals Co.	May	56			
Polyethylene-bag forming machine; Conapac Corp.	March	72			

	Month	Page
High-output blow-molder for gallon containers; Kautex Machines	September	204
Impact of blow-molded plastics bottles; international survey	December	80
Injection blow-molding process for plastics; Ilkon Corp.	December	44
Intermediate size blow molder; Midland Ross Corp., Waldron-Hartig Div.	February	58
New high-density PE blow-molding resin; Phillips Petroleum Co.	January	52
Polyvinyl chloride containers	February	188
Radial blow molder forms PVC, polyethylene, other plastics containers; Strong Plastics, Inc.	February	52
604-qt. blow-molded plastics container; developed by Kautex Werke; sold to Harcostart, Ltd.	July	82
Use of high-density polyethylene	February	186
BNT Products		
Heavy tools in a multipack	August	107
Boggiatto Ranch & Packing Co.		
Upgrading a produce 'oddity' with shrink-wrapped four-pack trays	February	113
Bond Pickle Co.		
Economical table appeal; sweet-corn relish in glass jar	October	126
BOOK REVIEWS AND COMMENTS		
Adhesive Materials- Their Properties and Usage; Irving Katz	April	182
American Tomato Yearbook	December	177
Blue Book of Automatic Merchandising	September	227
The Businessman's Guide to Europe	July	48
Food Industry Yearbook	October	220
Package Printing; Robert P. Long	January	154
Pulp & Paper: Statistics, 1963; Trend, 1964; McGraw-Hill	February	174
Trademarks in the Marketplace	October	220
U.S. Foamed Plastics Markets & Directory	September	227
Borden Company, The		
Achievement as a Packaging Pacemaker	February	108
Bostik AB		
Flow-control polish dispenser	October	129
Bostitch, Inc.		
8 materials in dual-purpose shipper	April	135
BOTTLE CARRIERS		
One-cell plastics bottle carrier; Union Carbide Corp.	September	62
BOTTLES		
(see also Closures)		
Acceptability of plastics milk bottles	August	115
All-plastics bottle and multicarrier for orange-juice; Sunnyland Juice Corp.	May	128
Battle between paper and plastics for 1/2-gal. and 1-gal. milk-container market	November	41
Big test for PVC; container for mouthwash; Colgate-Palmolive Co.	January	88
Blow-molded acetal copolymer aerosol bottles; Celanese Plastics Co.	June	54
A case for a three-piece case; returnable shippers; Hudepohl Brewing Co.	June	104
Case packer for bottles; Shuttleworth Machinery Co.	March	64
Cold enameling	March	290
Decoration by electrostatic printing	May	43
Economy in PVC bottles for fruit drinks	September	84
Engineering a conversion to plastics bottles for tablet and capsule products; Sumner Kaufman	February	122
Exhibits at International Packaging Exhibition, Paris	January	117
Four-line unit delivers bottles to fillers; Kinsley Timing Screw Co.	June	160
Glass treatment lowers damage; Owens Illinois Glass Co.	September	62
Hair-care product first in domestic PVC bottle; LaMaur, Inc.	September	119
The first phenoxy bottle; Optrex, Ltd.	July	129
Handling plastics containers	October	190
High-barrier copolymer bottle holds aromatic bath oil; Person & Covey, Inc.	January	89
High-density-polyethylene returnable carriers for beer bottles; Swedish Packaging Award winner	January	119
High-speed multipacker; Continental Can Co.	November	58
Impact of blow-molded plastics bottles; international survey	December	80
Improved unit applies folders to bottles; Outserts, Inc.	March	68
New acrylic-based bottle resin; American Cyanamid Co.	June	60
New high-density PE blow-molding resin for production of bleach and detergent bottles; Phillips Petroleum Co.	January	52
New in-line unit for testing plastics bottles or leakage; Laub Engineering Co.	March	64
New method of applying bottle innerseals; Minnesota Mining & Mfg. Co.	June	56
New plastics-bottle feeder; Aidlin Automation, Inc.	April	62
New resins for bottles	June	142
One ways for Pepsi-Cola	April	215
Opening devices; Burger Brewing Co.	September	106
PVC bottles; pots and problems	May	156
Phenoxy	February	186
Phenoxy bottles; Union Carbide	October	153
Plastics bottle case; Belgium	February	76
Plastics bottle census	October	274
Plastics bottles; developments in Canada	April	41
Plastics bottles; developments made and to be made	December	112
Plastics bottles; economical sealing of	July	82
Plastics bottles for foods	June	45

	Month	Page
Plastics bottles; economy in labeling; Barnes-Hind Laboratories, Inc.	February	121
Plastics bottles, New day for	March	136
Plastics bottles; price increases	May	248, 250
Plastics bottles seek new markets; England	July	60
Plastics bottles; What's happening in handling?	December	114
Plastics; exhibits at Packaging Show	May	148
Plastics milk bottles	December	180
	March	163
	April	41
	July	195
Polyethylene (see Polyethylene Bottles and Tubes)		
Polystyrene	October	152
Polyvinyl chloride	October	41, 44, 152
	January	161
	February	100
	March	46, 68
	July	82
	August	103
Rotary trimmer for plastics bottles; Foremost Machine Builders, Inc.	October	60
Shrink-film wrapper for empty bottles and jars	January	119
Silk-screen bottle printer; Lawson Printing Machine Co.	June	60
Six improvements to polyethylene bottle boost sales of liquid sweetener; Mutual Citrus Products Co.	November	133
Tamperproof label for screw-cap bottles; Kleen-Stik Products	September	204
Thin-wall milk bottles	November	92
Trylon shaped glass bottle for liquid sugar substitute; Abbott Laboratories	September	139
Unit prints glass, plastic, metal bottles; Bemo-Matic Corp.	February	60
What's happening in bottles?	December	114
Bottom-coding machine; Adolph Gottsche, Inc.	June	58
BOXBOARD		
Quality tests; England	November	84
BOXES		
(see also Corrugated Containers; Shipping Containers)		
Best set-up boxes; annual International Rigid Paper Box Competition	June	122
Functional plastics box keeps products safely separate; Prentice-Hall, Inc.	June	103
New coatings add strength to boxes; St. Regis Paper Co.	April	62
Return to paperboard; storage case for micro-projector; A. C. Gilbert Co.	November	96
Boyle Midway Div. See American Home Products Corp.		
Brands (see Trademarks and Brands)		
Brazil		
Why single-unit packaging of tablets?	December	82
Brewers' equipment (see Alcoholic Beverages)		
Bristol-Myers Co.		
'Disappearing' boot builds sales for hair cream	June	111
Toothpaste; new ingredient dictates 'ethical' design look	October	127
British Institute of Packaging		
Conference on need for speed	January	164
BRUSHES		
Functional re-use; all plastics carry-handle bag for paint brushes; Majestic Brush Mfg. Co.	July	136
Bulk Packaging & Containerization Institute		
Conference during Packaging Show in Chicago	June	198
BUNDLING		
Automatic bundling of tubing; Cerro Copper & Brass Co.	November	104
Semi-automatic bundlers	July	128
Burger Brewing Co.		
Bottle with built-in "opener" on the bottom	September	106
Business outlook	June	45
Butler Mfg. Co.		
Use of non-foam strippable vinyl to protect prefabricated stainless-steel building panels	May	146
C		
Calgon Co.		
Silent salesman in the stockroom	August	111
Can labels. See Labels		
Can plate; coating with vacuum-deposited aluminum; U.S. Steel Canada	June	48
Plastics bottles developments	April	41
Canadian National Packaging Exposition	October	256
	January	120
CANDY AND CONFECTIONERY		
Automated product control; chocolate-bar packaging operation in France; The Nestle Co.'s French affiliate, Societe des Produits Alimentaires et Dietetiques	May	126
Brittle candy in corrugated; Kinney's Kandies	November	133
Candy moves toward automation; Barton's Candy Corp.	September	148
Dead-fold cellophane for candy wraps; American Viscose Div. of FMC	October	58
Merger of old-line specialty companies	October	41
Polypropylene film for wrapping candies; Extrudo Film Corp.	May	60
Polypropylene takes aim at candy-wrap market	August	48
Precise weight by count for candies; Follytown Co.	March	156
Trayer-lidder offers versatile carton of pre-wrapped products		
R. A. Jones & Co.	September	58

	Month	Page		Month	Page
CANS			CASE PACKERS		
(see also Metal Containers)			New case packer reduces shock; Lodge & Shipley Co., Climax Products Div.	February	56
All-plastics can for critical products; Kautex-Werke	February	78	CASE PACKAGING		
Aluminum (see Aluminum)			Case for the molded case.	November	106
Blow-molded polyethylene and polypropylene oil cans	February	186	Case unloader/unscrambler; Chisholm-Ryder Co.	February	54
Can industry strike	May	43	Castel Wines of Bordeaux	April	108
Can labeler provides good orientation	January	152	Wine in a foil pouch		
Can makers' growing independence from once-vital tin.	August	45	CELLOPHANE		
Canned carbonated soft drinks; Pacific Food Products Co.	February	185	Analysis of coatings solvents; measurement of residuals in polymer-coated cellophanes; Lyle H. Phifer	November	154
Cans for paint and lacquer products; West Germany	December	82	Economical colored cellophane for foods; FMC Corp., American Viscose Div.	December	56
Cans with cemented side seams make possible new 'wraparound' design; American Can Co.	June	54	High-yield polymer-coated cellophane; E.I. DuPont de Nemours & Co.	August	56
Case packer; Shuttleworth Machinery Co.	March	64	Low-WVT-coated cellophane; Societe La Cellophane	February	78
Chromium plate used on cans; Fuji Iron & Steel Co.	May	58	Polymer-coated cellophane; FMC Corp., American Viscose Div.	September	62
Composite cans	May	221	CELLULOSES		
Composite cans; England.	June	76	Cement (see Adhesives)	February	186
Composite cans sealed with hot melts; Aluminum Co. of America	October	58	Ceramic coatings (see Coatings)		
Displays at Packaging Show	May	152	Cerro Copper & Brass Co.	November	104
Four materials make a 'supercan' for volatile chemicals; Allied Chemical's General Chemical Div.	January	92	Automatic bundling of tubing.		
Gallon can of beer converts to refrigerator-storage 'keg'; Atlantic Brewing Co.	September	119	Chesebrough-Pond's, Inc.		
High-speed multipacker Continental Can Co.	November	58	Sweet smell of success? Aroma-impregnated injection-molded medium-density polyethylene collar applied to glass bottles for perfume-scented nail polish.	March	190
An 'impossible' embossed can for malt liquor; Jos. Schlitz Brewing Co.	July	104	Cheese (see Dairy Products)		
Improved easy-open tear-tab can end; Continental Can Co.	September	206	Chemical Specialties Manufacturers Assn.	January	182
Insecticide containers; CO ₂ propellant; American Home Products Corp., Boyle Midway Div.	September	107	Annual meeting		
Intermediate filler-doser for spray cans; Italy	December	80	Chemicals (see Drugs and Chemicals)		
Key-opening; California ruling	November	41	Chocolate (see Food Packaging)		
Metal-can volume	July	45	Chrysler Corp.	September	112
New aerosol can; Heekin Can Co.	August	56	Redesign to save trade name		
New line of truncated cans; National Can Corp.	November	60	Chun King Corp.	September	114
New oven for finishing of cans; The Lantry Co.	June	158	Accurate pouching without leakers		
New unit loads cans into shipping containers; FMC Corp.	May	58	CIGARETTES		
Overhead conveyor saves steps; Simoniz Co.	August	132	Cigarettes in polystyrene pack; England	July	80
Plastics cans for motor oil; Humble Oil & Refining Co.	July	45	Image engineering in surface design; United Tobacco Co.	February	78
Processes for wrapping cans in corrugated; Continental Can Co. and International Paper	April	54	Label changes	December	41
Record speed for beer canning; Jackson Brewing Co.	August	104	Polypropylene for cigarettes; Venezuela	June	78
Tape opening fibre can for frozen-citrus-juice concentrates; Container Corp. of America	October	56	The solid gold cigarette; American Tobacco Co.	March	192
Tea bags in plastics-reclosure 'coffee can'; Victor Coffee Co.	November	103	CIGARS		
Tear-open can for electronic tubes; Eitel-McCullough, Inc.	October	119	'Accordion-action' carton simplifies access to cigars; Havatana Cigar Corp.	January	93
Tear-top cans	September	243	Cigars in one-piece accordion-action paperboard five pack; Hav-a-Tampa Cigar Corp.	March	141
Thin-wall plastics containers	November	91	Multipack commemorating New York World's Fair; General Cigar Co.	November	102
Two sizes of easy-opening cans available for food, non-food products; Continental Can Co.	February	52	New appeal for cigars; Bayuk Cigars, Inc.	April	124
Vacuum-packed cans; removing residual oxygen from; Metal Box Co. (England).	February	76	CIRCUS FOODS		
Zip opening for bigger cans; Armour Grocery Products	June	103	Alternative to a vacuum can; vacuumized bag-in-carton package	January	111
CARNATION CO.			Citrus juice concentrates; Container Corp. of America	October	56
Package development	September	125	Cleanliness of parts; standards and test methods of measuring.	May	174
Carding of small products; Jan Packaging, Inc.	July	56	Cleanness (see Soaps and Cleansers)		
CARTONING EQUIPMENT			CLOSING MACHINES		
Automatic carton collating	July	127	(see Sealing Equipment and Supplies)		
High-speed bag-in-box packaging; Triangle Package Machinery Co.	March	68	CLOSURES		
Improved vertical cartoner features smooth action, low maintenance costs; Crompton & Knowles Corp.	June	52	Actuator caps for canned aerosols	April	100
New cartoner for short runs; Crompton & Knowles Corp.	March	256	Better lids for dairy cups; Yogurt Master	October	122
Research on carton systems; International Container Corp.	December	41	Capper for large-mouth jars; Resina Automatic Machinery Co.	September	206
Units form, seal doughnut cartons; Peters Machinery Co.	April	58	Closing unit for collapsible tubes; National Instrument Co.	April	178
Versatile new high-speed cartoner; Cal-Crown Corp.	January	54	Coke's test of flip-off cap	March	154
CARTONS			For orange-juice container; Sunnyland Juice Corp.	May	128
(see also Corrugated Containers)			Improved high-speed screw capper; Resina Automatic Machinery Co.	June	58
'Accordion action' carton simplifies access to cigars; Havatana Cigar Corp.	January	93	Liner-retention closure; J.E. Everett	September	168
Alternative to a vacuum can for nut products; vacuumized bag-in-carton package; Circus Foods	January	111	Linerless polypropylene lock-in cap for a drug product; Ayers Laboratories Div. of American Home Products Corp.	December	115
Big gain for linerless cartons	July	48	Markets for decorative foil capsules; basic supplier, Andersen & Brunn	November	60
Carton crease-stiffness tester; D. J. Hines	January	130	Minicell bottle crown liner; W. H. Hutchinson & Son, Inc.	September	64
Carton sealing with hot melts	February	150	New plug-inserting device for bottles; Design & Installations, Ltd.	June	58
Counter carton for golf balls; Acushner Process Co.	September	118	New two-color aerosol overcap; Pittsburgh Plastics	July	56
Egg carton with built-in drain pan; Holland	October	92	New unit applies PE caps to cups; Del Industries	June	58
Flip-top carton for crackers; United Biscuit Co.	November	113	Novel pour spout retracts for stacking small containers; Rieke Metal Products	August	54
Frozen-food-carton barrier coating; Mobil Oil Co., Special Products Dept.	April	58	PE plugs for non-standard wine bottles; East Germany	October	92
Hot melts used to seal heavily waxed and coated cartons; Con-Mech Engineers, Ltd.	March	66	Perilized containers and closures; Cryplex Industries, Inc.	September	202
Low-cost 'zipper' ice-cream carton; Diamond National Corp., Gardner Div.	April	58	Phenolics for closures	February	186
Plastics board pour carton	August	148	Plastics closures; volume and value of	April	44
Plastics liner for corrugated carton; Hedwin Corp.	March	68	Plastics reclosures for ground coffee in keyless vacuum cans	March	288
Polyvinyl acetate adhesive for cartons; Norfolk Industries, Inc.	October	58	Polypropylene cap for pharmaceutical jars	January	118
Pop-out dispenser for film bags; Union Carbide Corp.	July	138	Pull-tab plastics closures; Dixie Cup, Div. of American Can Co.	October	64
Prices edge upward	May	248			
Two-piece carton for girdle line; Kayser-Roth Lingerie Co.	August	112			
Case loader diminishes container damage; Auto-Case Machinery Co.	April	62

Trademarks in the Marketplace; U. S. Trademark Assn.	October	220	A breakthrough by Boraxo powdered hand soap; sculptured polyethylene container	February	103
Trading-Stamp Companies	August	123	U. S. Steel Corp.		
TRAYS			Can plate; coating with vacuum-deposited aluminum	June	48
Automatic compression and loading of trays; Allpac, Inc.	February	168	New way to coat steel	January	158
Automation of tray packaging; Suffolk Farms Packaging Co.	February	111	URETHANE		
Clover-leaf-design plastics produce tray; Plast-O-Pak Corp.	October	60	Urethane-foam process	January	119
Corrugated trays of vegetables sleeve wrapped with PVC shrink film; Green Giant Co.	September	110	V		
Foam-plastics tray for apples; Dow Chemical Co.	September	62	VACUUM FORMING		
Heat-seal tray-former for baked and frozen foods; Federal Paper Board Co.	May	58	Portable vacuum-forming machine; Dynavac Corp.	April	178
New machine applies hoods to foil trays at high speeds; Anaconda Equipment & Service Co.	January	50	VACUUM PACKAGING		
Polypropylene produce trays; WCB Containers (Manchester, England)	February	76	Flexible vacuum packaging of processed meats; survey by Meat magazine	March	46
Shrink-wrapped trays	July	101	Formed vacuum pack for bacon; Colonial Provision Co.	August	130
Sturdy new jacket-and-tray shipper eases retail chores; Continental Can Co.	July	52	Metal protection by vacuum; Stoddy Co.	September	142
Trayer-lidder offers versatile carton of pre-wrapped product; R. A. Jones & Co.	September	58	Mobile vacuum packager	September	145
Upgrading a produce 'odddity' with shrink-wrapped four-pack trays; Boggiatto Ranch & Packing Co.	February	113	Unit for vacuum and gas packaging; Giacomini Imperfoil ..	November	60
TUBES AND TUBING			Value analysis in packaging; Howard A. Richards	May	134
Automatic bundling of tubing; Cerro Copper & Brass Co.	November	104	Van Camp Sea Food Co.		
Automatic screen printing on layflat tubing; Brown, Davidson & Co.	January	54	Ultra-fine weighing control for canned tuna	June	96
Cap breaks seal in metal tube; Deutsche Nestle AG	September	86	Vegetable packaging (see Food Packaging -- Produce)		
Closing unit for collapsible tubes; National Instrument Co.	April	178	Vended food packages	February	44
Collapsible tube with safety closure; A. H. Wirz, Inc.	March	258	VENDING MACHINES		
Dual-tube unit forms, fills, seals bags; Triangle Package Machinery Co.	July	56	Standardized inserts cut shipping costs for vending machines; Seeburg Corp.	December	117
Effective tube-closure liners	December	148	Trends in automatic vending industry.	October	44
Ethyl-vinyl acetate copolymer developed for extruded tubing and sheeting; U. S. Industrial Chemicals Co.	May	58	Venezuela		
Foam for costly tubes; Westinghouse Electric Corp., Electronic Tube Div.	June	100	Polypropylene for cigarettes	June	78
Heat-transfer labeling of plastics tubes; Alberto-Culver Co.	March	158	VETERINARY PRODUCTS		
Machine fills plastics tube at high speed; R. Hurwich Co.	March	68	Pouch-and-tube disposable syringe for veterinary products; Day, Son & Hewitt, Ltd. (England)	December	80
New plastics-tube filler, sealer; R. Hurwich Co.	April	58	VIALS		
New tube filling/closing/cartoning system; Industrie Werke Karlsruhe Ag.	May	198	New unit fills and caps vials; National Instrument Co.	December	60
			VIBRATORS		
			Vibrator for testing packages; L. A. B. Co.	February	58
			Vick Chemical Co. (Richardson-Merrell)		
			Promotion sleeve offers 100% more display area for a medical product	December	116
			Victor Coffee Co.		
			Tea bags in plastics-reclosure 'coffee can'	November	103
			Volatile substances, Transfer of	May	167
			Volume packaging; study by foreign executives	November	204
			W		
			Warner-Lambert Pharmaceutical Co., Du Barry Division		
			'Dresser-drawer' carton builds multi-unit lipstick sales ..	April	109
			WATER VAPOR		
			New instrument measures WVTR; Testing Machines Inc.	January	52
			Transmission rates	December	126
			Wax in packaging	August	184

WAXES

Safety of petroleum waxes; A. J. Turchetti	September	163
Waxes and polishes; container achievements in last five years; S. C. Johnson & Sons, Inc.	May	130

WEIGHING MACHINES AND DEVICES

Accurate weighing of free-flowing products; High-Speed Checkweighing Co.	May	60
Breakthrough in weighing techniques	May	153
Checkweigher for gross underweight; Illumitronic Systems Corp.	December	56
Continuous-motion checkweigher; Toledo Scale, Systems Div.	June	160
The cost of exact weight	February	150
Easy-to-read checkweigher; Torsion Balance Co.	March	68
Engineering a new weighing system; J. Herbert Sledge and Victor DelRosso	September	159
New checkweigher/conveyor; Hamac Hansella Maschinen GmbH	July	56
New checkweigher uses air-pressure controls; Pneumatic Scale Corp., Ltd.	October	62
New modular-design checkweigher; Exact Weight Scale Co.	July	170
New speed, accuracy in weighing unit (Flexitron scale); Triangle Package Machinery Co.	August	56
Precise weight by count for candies; Follytown Co.	March	156
A step to computerized weighing; J. Lyons & Co., Ltd.	March	173
Ultra-fine weighing control for canned tuna; Van Camp Sea Food Co.	June	96
Weight printer; Howe Richardson Scale Co.	May	58
Weights and Measures conference	January	180
Weights and measures law in West Germany	December	82
Weiss Noodle Co.		
Tight pillow for a brittle product	August	120

WELDING

Spin welder for limited-production runs; Brown Machine Co., Wessel Hardware Corp.	May	56
Skin package with new ionomer	March	144
West Germany		
Bagged coffee; migration from plastics to foods; printing on heavy-duty plastics tubing	January	70
Cans for paint and lacquer products	December	82
Cap breaks seal in metal tube; For corrugated, a production explosion; Big skin pack simplifies inventory; Coffee from a cigarette-vending machine	September	86
Chocolate bars formed in the package	December	82
Instant-response computer labeler	October	90
Issue of 'deceptive packaging'	October	90
New marketing pressure for aerosols; Tamperproof plastics champagne cork; Plastics shipping bags	June	78
Packaging trends	September	86
Plastics beer barrel	December	82
Plastics processing	October	90
Proposed amendment to weights and measures law	December	82
University-level courses in packaging	December	82
Western Art Co.		
Better wrap with PVC for line of scenic stationery and greeting cards	July	135
Western Packaging Exposition	September	144
Western Peat Co.		
Bag handle shares the load;	March	152
Big, strong bag for peat	November	142
Western Salt Co.		
Faster bagging at lower costs	February	120
Westinghouse Electric Corp., Electronic Tube Div.		
Foam for costly tubes	June	100
Whiskey (see Alcoholic Beverages)		
Wilds Baking Co.		
Shrink film wrap affords distinction to specialty bread	December	102

WOODEN CONTAINERS

Waxed wood cases; Holland	September	84
Woodpulp, bleaching process; Weyerhaeuser	June	48

WORLD REPORT

Packaging trends as observed abroad	September	84
	October	90
	November	84
	December	80
	January	70
	February	76
	March	110
	April	82
	May	88
	June	76
	July	80
	August	78

WRAPPERS

Combine of efficiency; switch in protective wrappings and shift to automatic packaging; Alloy Automotive Co.	January	115
Compact overwrapper for supermarkets; Package Machinery Co.	August	56
Dead-fold cellophane for candy wraps; American Viscose Div. of FMC	October	58
Materials change without new machinery saves 20%; Aurora Plastics Corp.	September	146
Polyolefin bread wrap film; Perry Industries, Inc.	October	62
Polypropylene film for wrapping candies; Extrudo Film Corp.	May	60
Shrink film wrap affords distinction to specialty bread; Wilds Baking Co.	December	102
Tri-laminate bread-wrap; Kordite Corp.	February	60

WRAPPING MACHINES AND DEVICE

Air-operated center folder for PVC film; Great Lakes Stamp & Mfg. Co.	June	58
Automatic overwrapping of pastries; Battle Creek Packaging Machines, Inc.	January	54
Automatic wrapper ("Weegal") for produce	January	180
Breakable minimized by shrink wrapping stemware and fine china to paperboard backings; Higbee Co., Cleveland	June	121
Corrugated tray of vegetables sleeve wrapped with PVC shrink film; Green Giant Co.	September	110
Displays at Western Packaging Exposition	September	145
High-speed overwrapper; Battle Creek Packaging Machines, Inc.	March	260
	April	58
	June	60
	February	150
	September	64
High-speed shrink wrappers		
Loose film wrap formed by new machine; Kartridg-Pak Co.	October	64
Machine makes box-type wraps for snack foods and vended baked goods; Package Machinery Co.		
Machine packages cheese in shrink film; U. S. Alpma	May	56
Hain & Co.		
Mobile packaging unit; shrink-wrap machine; Doughboy Industries	February	185
New efficiency in shrink wrapping; Keel Mfg. Co.	February	116
New unit cuts and seals plastics-film wrap on large package; Singer Co., Cobble Div.	August	52
New unit feeds parts to overwrapper; automatic medicine-dropper loading mechanism; PMC Industries	September	204
New variable speed overwrapper	November	60
Overwrap machine; Halm Instrument Co.	September	60
Paper-wrapping machines	July	100
Processes for wrapping cans in corrugated, Continental Can Co. and International Paper	April	54
Putting saran's cling to work; doughnut wrapping and sealing; Jewel Tea Co.	December	120
Rear tucker speeds large-product packaging; Pemco, Inc.	February	168
Running high-yield films; Walter M. Farrelly	November	145
Shrink wrap equipment	May	153
Shrink-wrap machine	September	145
Shrink-wrapped trays	July	101
Shrink wrapping	December	114
Shrink wrapping provides better package at twice the speed; Franklin Refolding Co.	August	133
Unit wraps food patties in plastics film; Crompton & Knowles Corp.		58
Wrap-around corrugated shippers	May	5
Wrapping cylindrical products	November	100
